MANHASSET BAY PROTECTION COMMITTEE

-----x

TRANSCRIPTION OF  
ZOOM VIDEO CONFERENCE

-----x

October 15, 2020

7:30 O'Clock P.M.

PRESENT BY VIDEO CONFERENCE:

- Bob Keane - Chairman, Port Washington North
- Don Richardson - Plandome
- Annie Mendelson - Great Neck
- Mike Molloy - Baxter Estates
- Nora Hagersen - Baxter Estates
- Jennifer Wilson-Pines - Manorhaven
- Sarah Deonarine - Director
- Kevin Braun - Town of North Hempstead - Planning
- Claire Dorfman - Flower Hill
- Mike Artel - Sands Point
- Diane Sheehan - Plandome Heights
- Dan Crucci - Nassau County
- Steven Price - Waterfront Advisory Committee

1

2

## P R O C E E D I N G S

3

4

CHAIR KEANE: And we are now  
live. Manhasset Bay Protection Committee.

5

6

7

8

MS. DEONARINE: Thank you.

So as a reminder, you're recorded  
and the meeting will be transcribed as per the  
Governor's Executive Order.

9

10

11

12

13

We have two new committee member  
representatives that have joined us tonight.

We have Claire Dorfman from Flower  
Hill. She's a new Trustee and she just got  
appointed to our committee.

14

15

16

And then we also have Don  
Richardson. He will be replacing Ray Herbert as  
the representative from Plandome.

17

18

19

20

So welcome aboard.

MR. RICHARDSON: Thank you.

MS. DEONARINE: We can go with  
the introductions.

21

22

23

CHAIR KEANE So I'll start.

I'm Bob Keane. I'm from Port  
Washington North. I'm the Chairman.

24

25

MS. DEONARINE: Sarah Deonarine.  
I'm the Executive Director.

1

2

3

MR. ARTEL: Mike Artel, Sands  
Point.

4

5

MS. HAGERSON: Nora Hagerson,  
Village of Baxter Estates.

6

7

MS. WILSON-PINES: Jennifer  
Wilson-Pines, Village of Manorhaven.

8

9

MS. SHEEHAN: Diane Sheehan,  
Village of Plandome Heights.

10

11

MR. MOLLOY: Mike Molloy, also  
from Baxter Estates.

12

Hi, Claire. Good to see you.

13

MS. DORFMAN: Hi. This is great.

14

15

MR. CRUCCI: Dan Crucci from  
Nassau County.

16

17

MR. BRAUN: Kevin Braun, Town of  
North Hempstead.

18

19

MS. MENDELSON: Anne Mendelson,  
Village of Great Neck.

20

21

CHAIR KEANE: I think we have a  
guest too.

22

23

MR. PRICE: Yes. This is Steve  
Price. I'm on the Waterfront Advisory Committee.

24

I'm a guest on this committee.

25

Thank you for having me.

1

2

CHAIR KEANE: Thanks for coming.

3

MS. DEONARINE: Is that everyone?

4

CHAIR KEANE: I think that's

5

everyone.

6

Thank you.

7

I'll see if I can share my screen.

8

Is that showing the agenda?

9

MS. DEONARINE: No. I don't see

10

it.

11

CHAIR KEANE: Now?

12

MS. DEONARINE: There it is.

13

CHAIR KEANE: Okay.

14

It looks like a short meeting.

15

MS. DEONARINE: Hopefully.

16

(Laughter.)

17

MS. DEONARINE: All right.

18

So I'll just -- the first motion

19

is to approve paying for meeting transcription and

20

I just got the bill for the last transcription and

21

it was \$400. So it's going to be a lot less than

22

the \$800 that I put -- the do not exceed. So --

23

MR. ARTEL: Motion to approve.

24

CHAIR KEANE: Okay. Mike Artel.

25

Do we have a second it?

1

2

MS. SHEEHAN: I'll second it.

3

CHAIR KEANE: Second by Diane.

4

All those in favor?

5

(Chorus of "ayes.")

6

CHAIR KEANE: Oppose?

7

(No response.)

8

CHAIR KEANE: Abstain?

9

(No response.)

10

CHAIR KEANE: I'm surveying the

11

crowd and motion carries.

12

MR. BRAUN: Did we approve the

13

meeting minutes already?

14

CHAIR KEANE: No. That was No. 2.

15

MR. BRAUN: Oh, okay.

16

MR. ARTEL: Motion to approve

17

meeting minutes, Mike Artel.

18

MS. DEONARINE: Thank you.

19

CHAIR KEANE: Do we have a

20

second?

21

MS. WILSON-PINES: Second.

22

CHAIR KEANE: Second by Jennifer.

23

I'm trying to -- oh, here we go.

24

It doesn't let me see everyone.

25

Oh, there we go. I got two screens now -- so.

1

2

All those in favor?

3

(Chorus of "ayes.")

4

CHAIR KEANE: Oppose?

5

(No response.)

6

CHAIR KEANE: The same.

7

And that motion carries.

8

MR. RICHARDSON: Abstain.

9

Don Richardson. I was not at that

10 meeting.

11

CHAIR KEANE: We'll give you one

12

abstention.

13

Next.

14

MS. DEONARINE: The RFP.

15

Any discussion about that?

16

MR. BRAUN: About the third

17

motion?

18

MS. DEONARINE: Yes.

19

MR. BRAUN: Did you receive the

20

comments? I know I provided some. Did you receive

21

all the comments?

22

MS. DEONARINE: Yes, I believe

23

they should be in this version -- incorporated.

24

MR. BRAUN: Did you re-send that

25

out?

1

2

MS. DEONARINE: I believe so.

3

Friday. I can send it out again right now.

4

MS. WILSON-PINES: Yes.

5

MR. BRAUN: Yeah, I don't know

6

whether I received it or not. So that's fine.

7

CHAIR KEANE: Yeah, I don't know

8

either. I haven't had a chance to look at it.

9

I've been swamped.

10

MS. DEONARINE: And I also got

11

comments from Jennifer.

12

MS. WILSON-PINES: That was

13

awhile ago.

14

MS. DEONARINE: Yeah. I don't

15

know, that was before our last meeting even.

16

MS. WILSON-PINES: Yeah.

17

MR. BRAUN: Yeah, the only thing I

18

have, Sarah, that I can see is when you re-sent it

19

after the last meeting on 9/18.

20

But once again, I provided

21

comments. So I'm fine.

22

If nobody has any further

23

discussion, or if there is no further discussion, I

24

will make the motion to -- hold on. Let me get

25

back to the screen.

1

2

3

4

5

6

7

8

9

10

11

12

13

14

15

16

17

18

19

20

21

22

23

24

25

I make a motion to finalize the RFP to hire a contractor to complete a water quality improvement plan for Manhasset Bay and to submit to the Town Board for approval.

MS. WILSON-PINES: I'll second that motion.

CHAIR KEANE: All right.

You got that, Sarah?

MS. DEONARINE: Yes, I do.

CHAIR KEANE: Okay.

MR. BRAUN: Sarah, (Zoom inaudible) the committee that you did have the Town Attorney look at this. You did have comment from everybody on the committee and you gave an extension to everybody to provide comments at the last meeting.

MS. DEONARINE: Yes. Yes.

Is there any further discussion?

CHAIR KEANE: So this is the -- the motion was to finalize the RFP. So -- so basically it's going to be finalized and then we're going to send it out so -- for the Town to advertise.

MS. DEONARINE: Well, it has to

1

2 be approved by the Town Board next.

3

4 CHAIR KEANE: Oh, okay. I  
5 mis-read that. Okay. So for the Town Board to  
6 approve and then -- then they can advertise it.

6

7 MS. WILSON-PINES: How long? Will  
8 it be able to be calendared for this month or is it  
9 going to have to be November?

9

10 MS. DEONARINE: November.

10

11

12 MR. BRAUN: I'd have -- I'll have  
13 to work with Sarah to figure that ou.

13

14 MS. WILSON-PINES: Okay.

15

16 CHAIR KEANE: All right.  
17 So do we want to take a vote on  
18 that then?

17

18 MS. DEONARINE: Yeah.

19

20 CHAIR KEANE: All those in favor  
21 of motion No. 3, to finalize the RFP?

21

22 (Chorus of "ayes.")  
23 CHAIR KEANE: All those oppose?  
24 (No response.)

23

24 CHAIR KEANE: Abstain?  
25 (No response.)

25

25 CHAIR KEANE: Then I guess that

1

2 motion carries.

3

All right.

4

No. 4.

5

MR. ARTEL: Motion to accept

6

meeting dates set forth --

7

MS. SHEEHAN: I second that, Mike.

8

CHAIR KEANE: And Diane seconds.

9

So the discussion is, obviously

10

this was checked against the local school

11

calendars.

12

MS. DEONARINE: Yes.

13

CHAIR KEANE: Jewish holidays.

14

MS. SHEEHAN: More importantly it

15

was checked against my calendar and it's fine.

16

(Laughter.)

17

CHAIR KEANE: Are you jetting off

18

someplace or something?

19

MS. SHEEHAN: Do we want a meeting

20

on tax day?

21

MS. DEONARINE: Well, this is at

22

7:30 at night.

23

CHAIR KEANE: Maybe we'll get an

24

extension again.

25

All right.

1

2

3

4

5

6

7

8

9

10

11

12

13

14

15

16

17

18

19

20

21

22

23

24

25

I mean, these are tentative, they can be changed at any time in the future. But sort of like for planning purposes, we kind of put it on the calendars for the people to go ahead.

So do I have a motion to -- oh, we already had that.

So all those in favor of those dates?

(Chorus of "ayes.")

CHAIR KEANE: Okay. All those oppose?

(No response.)

CHAIR KEANE: None.

Abstain.

(No response.)

CHAIR KEANE: None.

So then that motion carries.

FEMALE VOICE: Sarah, there's no meeting then in November and December; right?

MS. DEONARINE: There's no meeting in December. We have a meeting scheduled for November 12th.

FEMALE VOICE: Okay.

MS. DEONARINE: And I was

1

2 planning for that meeting and we'll go over dues  
3 and pass the IMA.

4 FEMALE VOICE: Okay.

5 MS. DEONARINE: Can I share my  
6 screen, Bob? I wanted to show everybody --

7 CHAIR KEANE: You sure can.

8 MS. DEONARINE: I just wanted to  
9 go over --

10 CHAIR KEANE: Do you have that  
11 capability or do I have to assign that to you?

12 MS. DEONARINE: I think you have  
13 to give it to me. Or maybe, you know, host to say  
14 screen share.

15 CHAIR KEANE: How about now?

16 MS. DEONARINE: I'm on now.

17 Okay. So I haven't gone over our  
18 financial status in awhile. Of course -- can you  
19 see it? It says not responding.

20 So this is what we've spent in the  
21 third quarter. So we received all the dues except  
22 from Nassau County. So that is \$29,400 we've  
23 received.

24 Nassau County -- they're going  
25 through the process right now. And we should get

1

2 that -- I'm not sure when. It's coming.

3 MR. CRUCCI: Can you hear me?

4 MS. DEONARINE: Yes.

5 MR. CRUCCI: Okay. Yeah, the  
6 \$24,000 was approved through the system and I  
7 submitted the claim voucher for payment. So we're  
8 good to go -- so. So hopefully in a month you'll  
9 have the deposit into the -- the electronic deposit  
10 into the North Hempstead account.

11 MS. DEONARINE: Thank you.

12 That's awesome.

13 So you can see -- so what you're  
14 looking at is just the third quarter expenses which  
15 were July, August, September. And then year to  
16 quarter. So everything we spent so far this  
17 calendar year, to the end of September.

18 And it obviously hasn't been much  
19 because COVID stopped projects or really slowed  
20 them down, backed them up. So -- so we're not -- I  
21 mean, we're doing fine financially.

22 Hopefully we'll start with some  
23 outlays probably in the next year that we'll start  
24 obviously paying money for our water quality  
25 improvement plan.

1

2

3

4

5

6

7

8

9

10

11

12

13

14

15

16

17

18

19

20

21

22

23

24

25

The work (Zoom inaudible) currently working on our quality assurance plan and data usability agreement with DEC so we can -- be able to get reimbursement from DEC for our water quality monitoring starting next year.

So I'm not expecting any big expenses through the end of the year.

And so I was going to suggest that we just keep the dues as is and we'll pass that at our November meeting.

FEMALE VOICE: Sounds good.

MS. DEONARINE: Okay.

And then I have some other questions for the committee just to consider.

So I purchased another domain name. So we've got three different domains. We've got:

Manhasset Bay Protection Committee; and,

Then I've got Manhasset Bay.info now; and,

Also, Manhasset Bay.net.

But the domains come with annual fees. They're charged every other year. And I

1

2 just wanted -- we have a line item in our budget if  
3 look at -- oh, it doesn't show. We've got a line  
4 item for -- well, for web design, web posting, \$400  
5 a year. So we'll still be under that for our costs  
6 for our domains.

7

CHAIR KEANE: Can you do it  
8 longer than two years?

9

MS. DEONARINE: It doesn't seem  
10 like it.

11

CHAIR KEANE: In the old days, you  
12 used to be able to do it for like five years. Any  
13 time -- forget about it -- but --

14

MS. DEONARINE: I don't -- it's a  
15 little frustrating.

16

CHAIR KEANE: Okay.

17

MS. DEONARINE: But at the same  
18 time, every two years keeps us on top of what our  
19 expenses are.

20

So I just wanted to make sure with  
21 the committee that it's all right that I'm  
22 purchasing things for the web that will have  
23 recurring payments, like the worker domain name,  
24 which is \$25 every year, so \$50 for two years, at  
25 least currently.

1

2

And then if I purchase anything  
for web design, that might incur annual or  
semi-annual fee also.

5

CHAIR KEANE: I think that's fine.

6

MS. DEONARINE: Okay.

7

MS. WILSON-PINES: It sounds okay.

8

9

MS. DEONARINE: Okay. I just  
wanted to make sure about that.

10

11

Okay. Well, that's all I have  
about money.

12

13

14

MS. WILSON-PINES: Since this is  
an expenditure, even though it's small, should we  
do a reso? I mean it's underneath the threshold.

15

16

17

18

MS. DEONARINE: Yeah. And I have  
a resolution for -- June 2018 and I'm still  
spending money from that, in which we moved \$2,000  
and I haven't reached that \$2,000 yet.

19

20

FEMALE VOICE: Can you repeat  
that, Sarah?

21

22

23

24

MS. DEONARINE: In June 2018, the  
committee approved a resolution giving \$2,000 --  
Kevin Braun made a motion for all web expenses up  
to \$2,000.

25

FEMALE VOICE: Okay.

1

2

3

4

5

6

7

8

9

10

11

12

13

14

15

16

17

18

19

20

21

22

23

24

25

MS. DEONARINE: So I was thinking if we hired -- we would have hired a design contractor by -- with that money but we haven't done that and I'm not sure if that's going to go through. So I'm planning to start doing design on my own. So we're currently still under \$2,000.

CHAIR KEANE: Yeah, I think that's fine under that expense.

MS. WILSON-PINES: Yeah.

MS. DEONARINE: All right.

I'm going to stop sharing my screen.

All right.

Are there other things that have come up -- just information under updates.

So you know the 2020 dues, everything's paid except Nassau County and that's going through the works right now.

Also, I've got some notifications from Eric Schlesinger (phonetic) may have things going on.

Lauren, I think I e-mailed everybody that there is a new marsh web-based tool to see what the marsh migration's going to do until

1

2 the year 2100. And that can be used by everyone to  
3 do marsh conservation plans, which is important for  
4 dealing with sea level rise, protecting the coast  
5 line.

6

7 There is one more webinar and I  
8 can send that around to everyone. Oh, it's  
9 tomorrow morning at 9:00 a.m. Anybody -- but it's  
10 supposed to for every municipality to be able to  
11 think about protecting the shoreline.

12

13 And I'm also around after the  
14 meeting.

15

16 And then Eric Schlesinger also  
17 contacted -- was contacted by a representative from  
18 the University of Connecticut who was working with  
19 the Center for Watershed Protection and for the  
20 Long Island Sound Study. They're working on a  
21 nitrogen best management practices tracking tool.  
22 Because that's one thing that hasn't been addressed  
23 by the nitrogen that hasn't been addressed by the  
24 nitrogen total maximum daily load -- or nitrogen  
25 from non-point sources.

26

27 So they wanted to reach out and  
28 see if there are any communities that could help  
29 with giving them data and feedback on their tool.

1

2 So if anybody is interested in that, let me know.

3 I'll also send you this e-mail after the meeting.

4 So are there any questions about  
5 those two things?

6 (No response.)

7 MS. DEONARINE: Okay. Next --

8 moving along. So I did the community based social  
9 marketing training last month. It was certainly  
10 intense and it's a lot of work.

11 So I'm thinking maybe through our  
12 water quality improvement plan, perhaps we can  
13 identify something to do some public work on,  
14 public education and changes -- it's meant to  
15 change behavior so that people will adopt the  
16 environmental changes we want to, like fertilizing  
17 less or cleaning up after your dog, things like  
18 that.

19 So I've got the training  
20 information on that.

21 And so our last update was DEC  
22 water quality monitoring. There's no updates on  
23 that. We're going to extend the grant.

24 Director Bartolucci (phonetic) is  
25 still working on our documents that we need with

1

2 the Department of Environmental Conservation to get  
3 our funding. Well, we have the funding but to get  
4 it reimbursed. So I'll keep you updated on that.

5 And those are all my updates.

6 FEMALE VOICE: Thank you.

7 MS. DEONARINE: You're welcome.

8 FEMALE VOICE: Sarah, were you on  
9 the call with the Western Aquifer this week?

10 MS. DEONARINE: No.

11 FEMALE VOICE: Okay. I was.

12 They're still working on the water quality and the  
13 wells. And there's, you know, there's problems  
14 obviously. They're still -- they're going to issue  
15 some kind of a report but not immediately.

16 MS. DEONARINE: They're going to  
17 issue what?

18 FEMALE VOICE: With the wells.

19 The -- they're concerned about the nitrogen  
20 that's -- that's in the water.

21 MS. DEONARINE: Yeah.

22 FEMALE VOICE: So this is --  
23 they're -- salt water is seeping more into  
24 freshwater, is what they're finding. More than  
25 they thought.

1

2

3

4

5

6

7

8

9

10

11

12

13

14

15

16

17

18

19

20

21

22

23

24

25

MR. BRAUN: Well, I don't -- is this the U.S. Geological study for the (Zoom inaudible) mostly in the Great Neck Peninsula?

FEMALE VOICE: Yes.

MR. BRAUN: Okay. I wasn't a part of that call but I'm aware of the issue.

FEMALE VOICE: Yeah.

MR. BRAUN: They've been studying it for years.

FEMALE VOICE: Yes, it's an ongoing thing, I guess. You know, from what I can tell.

MS. DEONARINE: Yeah. It's not just Great Neck. It's other places in Nassau County too.

I missed that. That would have been interesting.

Are there any updates or anything happening around the watershed?

FEMALE VOICE: Manorhaven has a new clerk. I just shot her new -- the contact info over to you.

MS. DEONARINE: Thank you.

What is her or his name?

1

2

FEMALE VOICE: It's a her. And  
check your e-mail. I just sent it.

4

(Laughter.)

5

6

CHAIR KEANE: I know -- Joe passed  
this morning coming back from work today that North  
Hempstead, I think, is having a STOP program this  
weekend.

9

FEMALE VOICE: Yes.

10

MS. DEONARINE: Yes.

11

12

CHAIR KEANE: Maybe we could put  
like a blurb on Facebook -- or blast --

13

FEMALE VOICE: Already done that.

14

15

CHAIR KEANE: You did that?  
Okay.

16

FEMALE VOICE: Yeah.

17

18

CHAIR KEANE: I don't go on  
Facebook every day -- so.

19

20

FEMALE VOICE: I put it on  
Facebook and about six other Port Washington  
Facebook groups but for people in Manhasset,  
Plandome, those areas, if you have local groups it  
would be a good idea to post it there, Great Neck.

24

25

CHAIR KEANE: STOP. It's stop  
throwing out hazardous pollutants. It's for like

1

2 household pollutants or like if you've got an old  
3 can of oil-based paint or an old bag of some sort  
4 of chemical, you can bring it down there. They  
5 take it. They dispose of it for you.

6

I don't know the last time they  
7 had a STOP program. They also did paper shredding  
8 and clothes donations.

9

FEMALE VOICE: Yes.

10

CHAIR KEANE: So I don't know if  
11 that's on that docket as well.

12

FEMALE VOICE: I think I included  
13 the link to the Town web page about it. I know  
14 that they're not doing pharmaceuticals because  
15 there's a different collection process for that  
16 through the drug stores now.

17

FEMALE VOICE: What day is that  
18 on? Is it tomorrow?

19

FEMALE VOICE: It's Saturday,  
20 Sunday.

21

FEMALE VOICE: Is there a limit  
22 how many --

23

FEMALE VOICE: At Bar Beach.

24

FEMALE VOICE: At Bar Beach. Is  
25 there a limit how many paint cans?

1

2

FEMALE VOICE: I don't think so.

3

But check the Town's website.

4

FEMALE VOICE: Okay.

5

CHAIR KEANE: And usually it's

6

latex-based paint. Latex-based paint, you can just

7

let them --

8

FEMALE VOICE: Yeah, you dry it

9

out.

10

CHAIR KEANE: -- dry it out and

11

throw it in the garbage.

12

FEMALE VOICE: Okay.

13

CHAIR KEANE: But insecticides or

14

funky bottles you have in your garage, I think they

15

do some batteries and monitors.

16

FEMALE VOICE: Yeah.

17

MS. DEONARINE: I just remembered

18

three more things.

19

So with Town of North Hempstead, I

20

think today was scheduled to begin -- their

21

contractor was scheduled to begin dredging at

22

Manorhaven Beach Town Park. So that will be done

23

by the end of the year. But the parking lot will

24

be used to de-water the dredge spoils until

25

sometime in the spring. And then they're going

1

2 to --

3 FEMALE VOICE: Yeah.

4 MS. DEONARINE: -- take it off  
5 the Island.6 FEMALE VOICE: Yeah. They'd  
7 already set up jersey barriers in the parking lot  
8 and there was a lot of discussion as to what  
9 nefarious purpose they would be having on local  
10 groups.11 Nobody actually seemed to like the  
12 facts. They were more interested in inventing  
13 things.

14 MS. DEONARINE: Yes.

15 The other thing is, I would -- at  
16 Lee Pond, last week and they are still doing  
17 construction on Plandome Road there.

18 CHAIR KEANE: Right.

19 MS. DEONARINE: On the roadway  
20 and the culvert underneath. So I thought that  
21 would done by now but it's still going.22 And that reminds me that the  
23 Nature Conservancy through like North Shore Land  
24 Alliance has hired a new young woman to do the  
25 outreach for the County septic replacement program.

1

2 So it's been a long time coming but the County has  
3 funding from the State to reach out to communities  
4 where there are trouble areas with water quality to  
5 remove cesspools and put in the innovative  
6 alternative system.

7

8 So I met with her and she's kind  
9 of be the expeditor for the County and for helping  
10 people get their permits for their property. So I  
11 met with her last week. I met her. She's new.

12

13 And I can't remember her name.  
14 Kat something. I'll have to look it up.

15

16 MR. RICHARDSON: Can we get  
17 her -- this is Don. Can we get her to appear --  
18 participate in one of our meetings?

19

20 MS. DEONARINE: Yes, she would.  
21 Yeah.

22

23 MR. BRAUN: Sarah, did you say  
24 that was for Suffolk County?

25

26 MS. DEONARINE: If I did, I meant  
27 Nassau County.

28

29 MR. BRAUN: Okay.

30

31 MS. DEONARINE: No, she's  
32 working for Nassau County because Suffolk County  
33 has a different setup than we are.

1  
2  
3  
4  
5  
6  
7  
8  
9  
10  
11  
12  
13  
14  
15  
16  
17  
18  
19  
20  
21  
22  
23  
24  
25

So she's focused specifically on Nassau County.

MS. HAGERSEN: Sarah, with Baxter Beach, the project is going to be on hold for probably a year because Tony D'Orso (phonetic), our Assemblymember had put up -- was going to -- there was going to be an environmental bond this year on the -- for the election. And the bond is going to be pushed back until next year because of what's happened with the economy and COVID.

So our project right now is on hold. We do have 3-D renderings from Cameron, which are terrific. And that's where we are right now with that.

MS. DEONARINE: Would that be appropriate for Cameron, or for you, to present about that? I know I'm certainly interested. But I don't know if that's appropriate for the whole committee to look at what we're dealing with.

MS. HAGERSEN: I don't know. Let me just double check. But they've done a beautiful job with their renderings. And hopefully -- hopefully this bond will be put up next year.

I was disappointed that it was not

1

2 being put up this year. It was supposed to be.

3 And so we have to wait.

4

I also, by the way, if I can -- if  
5 I have information on this aquifer study, I will  
6 send it to you.

7

MS. DEONARINE: Thanks.

8

MS. HAGERSON: I'll get it from  
9 Mindy.

10

MR. BRAUN: Nora, do you mean the  
11 Bond Act?

12

MS. HAGERSEN: Say that again,  
13 Kevin?

14

MR. BRAUN: Do you -- are you  
15 talking about the Bond Act?

16

MS. HAGERSON: Yeah.

17

MR. BRAUN: The grant program,  
18 not necessarily like a bond -- the Bond Act is a  
19 grant program.

20

MS. DEONARINE: There was -- no,  
21 there was a proposal for like a \$3 million Bond Act  
22 but because of the State's economic situations due  
23 to the Corona Virus, they're not -- it's being  
24 pushed back.

25

MS. HAGERSON: Yeah. That's what

1

2 I was told.

3

4 MR. BRAUN: She's referring to it  
5 as a bond. And I think that's what's throwing me  
6 off.

7

8 MS. HAGERSON: That's what I was  
9 told that it was going to be -- it was not just for  
10 our beach, it was a whole environmental bond.

11

12 MR. BRAUN: Yeah, it's the Bond  
13 Act.

14

15 MS. HAGERSON: Right.

16

17 MR. BRAUN: The Bond Act got  
18 pushed off. It's a grant fund that everybody can  
19 get -- can go for.

20

21 MS. HAGERSON: Right.

22

23 MR. BRAUN: Or are you talking  
24 about something specific where Tony D'Orso or the  
25 Assemblymember is putting money aside specifically  
for that?

26

27 MS. HAGERSON: Right.

28

29 MS. DEONARINE: I think it might  
30 have been both. Some grant programs and some  
31 specific projects.

32

33 MS. HAGERSON: Yeah. And ours was  
34 going to be part of that. But like I said, it's

35

1

2 been -- it's going to be delayed a year until they  
3 put that up. That was my most recent information.

4 MS. DEONARINE: And D'Orso's not  
5 running for re-election. So hopefully whoever  
6 comes in will keep championing that.

7 MS. HAGERSON: Yes. We'll keep  
8 our fingers crossed.

9 MS. DEONARINE: Yeah.

10 CHAIR KEANE: Any other municipal  
11 updates?

12 (No response.)

13 CHAIR KEANE: No.

14 MR. BRAUN: Nothing to report from  
15 the Town of North Hempstead.

16 CHAIR KEANE: All right then.

17 This might be our quickest meeting  
18 ever.

19 MS. DEONARINE: Could be.

20 CHAIR KEANE: Unless there's  
21 questions, otherwise I'll ask for a motion to  
22 adjourn.

23 MS. DEONARINE: Two more things.  
24 Our next meeting's November 12th. It's going to be  
25 held by Zoom still.

1

2

3

4

5

6

And so on the ongoing beach cleanup, because they're not having a single volunteer event. So if you can get out with your family, take some data and let me know what you collect.

7

8

MR. ARTEL: This is Mike Artel from Sands Point.

9

10

11

12

13

14

I do have one quick update. We tried to put together a Sands Point Beach consortium. There are a bunch of different areas in Sands Point where we have access to the beach rights, depending on whether your house is deeded to it or whatnot.

15

16

17

18

19

20

21

22

23

24

And there's probably 15 to 20 different organizations. They all run separately and because of my involvement in this organization and, you know, intermunicipal, like people working together, the mayor said, hey, can you put together, can you try to coordinate all these beach associations so they can perhaps, you know, have some sort of synergy or have economies of scale or learn from each others mistakes and so on and so forth.

25

So we had our first meeting and

1

2 we're trying to emulate this group here. So it's  
3 kind of neat that I'm taking this and trying to  
4 copy it a little bit in our own village.

5 MS. DEONARINE: That's great.

6 Let me know if you need anything.

7 MR. ARTEL: And with that, I say  
8 motion to adjourn.

9 (Laughter.)

10 CHAIR KEANE: All right then.

11 Well, then I thank everybody for  
12 coming and we'll return on November 12th.

13 FEMALE VOICE: Thank you.

14 MS. WILSON-PINES: Good night.

15 CHAIR KEANE: Thanks everybody.

16 VOICES: Good night.

17 (Whereupon, the proceedings were  
18 concluded.)

19
